

Ski/Splitboard Mountaineering Gear List

Trips Covered by this list:

- **Ski/splitboard Mountaineering Camp**
- **Wallowas Ski Traverse**

Note on Equipment List: Each piece of gear on this list directly relates to your comfort and safety. This list is made for managing yourself in poor mountain weather. Each person may need to add additional layers if you run cold. We may choose to subtract certain layers if the weather forecast dictates. **A (+) sign indicates gear items you can rent from ECMG.**

Avalanche Safety:

- Antennae Transceiver (3 antennae with fresh batteries) (+)
- Avalanche Shovel (metal required) (+)
- Avalanche Probe (+)
